

Become a Host Family
Earn up to **\$600**
per month!

Educatius International enables students from all over the world to attend a public or private high school, while residing with a local host family. Students attending our program are aged 14-18, and they must demonstrate a sufficient level of maturity and English speaking ability to participate.

Schools

We partner with a select number of quality high schools in the US. Our students are enrolled like their US class mates and are encouraged to take their favorite classes as well as attend the sports and activities of choice. The academics are a key point of the program and all students must hold and maintain at least a passing GPA.

Host Families

The Host Family makes a world of difference! The key to a successful program is total immersion into daily life in the new home country of the student. The host family has an opportunity to give students a firsthand glimpse into an "American family," by welcoming the student as a member.

"There is no better way to learn and experience another culture, than to host an international student. My family has learned far more than we anticipated, and now have another member of our family forever!"

– The Davis Family

As A Host Family You:

- Can host one or two foreign students
- Receive a **monthly stipend** for hosting each student
- Provide room, board and meals for your student
- Include your student as part of your family
- Help your student adjust to a new way of life
- Help your student with daily practical matters

"This year has changed my whole life! I am no longer the child I was, I have become an adult. Realizing that importance of globalizing the world has made a huge impact on me. Thank you, the Charles Family, for giving me this opportunity!"

– Ana, from Serbia

Host Family Stipend

At Educatius we feel it's important to subsidize the cost of opening your home to an international student. Being a host family should not be a financial burden. We offer a monthly stipend of \$ 300 per student, to offset any additional expenses you will face.

Support

Support will be provided to you and your student for the duration of the student's stay. An Educatius Coordinator in the local area will be appointed to handle the screening, placement and supervision of the students and the host families involved in our program. There is also a 24 hour support center at the National Office in the event of an emergency.
